- Each team will create an entire dish/recipe (not a full meal) using the provided key ingredient and grocery store items. Teams should present the entire dish/recipe to the judges and communicate during their presentation what an individual serving size should be. Teams will be responsible for determining the number of servings their dish provides. Teams should not create side or multiple dishes with their ingredients/grocery store items.
- Note cards may be used to write down the recipe that the team creates, along with notes related to nutrition, food safety, and cost analysis. Teams should be exact on ingredients used, preparation steps, cooking time, temperature, etc.

Presentation Phase Overview:

- A majority of team members should participate in the presentation.
- Following the preparation phase of the contest, each team will give a 5-minute presentation to a panel of judges. A majority of team members should participate in the presentation.
- To earn maximum points, teams must use these 5 minutes to address the following areas of the presentation scorecard: Knowledge of MyPlate, Nutrition Knowledge, Food Preparation, Safety Concerns, and Serving Size.

- At the end of 5 minutes, time will be called – additional time will not be allowed. Judges will be allowed 3 minutes to ask questions; however, judges may not ask questions related to what teams should have covered during the presentation.
- Judges questions should be related to general nutrition, health, chronic disease prevention or others relevant to food and nutrition.
- When asking questions of the teams, please be sure to keep them age appropriate. While each presentation will vary, it's also important to try your best to be consistent with the questions you ask each team.
- Judges should ask consistent questions to each team they are judging. Questions SHOULD NOT be related to any area that should have been included in the team presentation which includes Knowledge of MyPlate, Nutrition Knowledge, Food Preparation, Safety Concerns, and Serving Size.
- Teams are allowed the use of notecards during the presentation but should not read from them, as this minimizes the effectiveness of their communication.
- Please be sure to provide comments on the scorecard for each team. This will help them improve their presentation in the future. Constructive feedback gives young people a positive learning experience.
- Judges are not allowed to taste the foods prepared.
- Placing will be based on combined preparation and presentation judge scores. Placing based on scores will be final upon tabulation. Judges should not leave judging area until dismissed. Judges' results are final upon announcement.

6. TIMING: Please stay on time with the judging of the presentations so the entire contest can stay on time. Teams should follow the guidelines of only have five minutes for their team presentation.

Group leaders will serve as timekeeper, at the end of the 5-minute presentation time, timekeeper will say “stop” to indicate presentation should cease. They will then allow 3 minutes for judges’ questions, announcing “stop” at the end of this time. Another option may be for judges to be given a timer or use their cell phone and asked to monitor time.

7. Thank you!
