

2024 Total Solar eclipse

THROUGH THE EYES OF NASA

National Aeronautics and
Space Administration

Monday, April 8, 2024, a total solar eclipse will cross North America, passing over Mexico, the United States, and Canada.

Experiencing an eclipse is one way that students and the public can participate in NASA Science while witnessing a rare eclipse event.

SOLAR ECLIPSE WEBINAR

January 23, 2024 12-1pm ET

Please join NASA's Science Mission Directorate, Office of Communications and Office of STEM Engagement for an informational webinar and an update on the plan for the April Eclipse. In this webinar, you will learn about:

- The science behind solar eclipses
- Connections to NASA's study of the Sun
- How to view eclipses safely
- NASA's latest plan for public and student engagement
